

Secure and reliable cloud-based faxing

Improve employee productivity and reduce costs by replacing your old fax servers and equipment with Atmosphere® Fax, a cloud-based service that offers a superior user experience and integrates seamlessly with Microsoft Outlook and most email clients.

Stop dealing with slow, clunky, and unreliable fax machines. Atmosphere® Fax eliminates any time spent printing, scanning, and waiting for a fax to deliver. Now you can simply attach the document to an email, making it easy to forward, print, or save. Plus, electronic faxing is friendlier for the environment!

- ➔ Send and receive faxes from any device, anywhere
- ➔ Maintain HIPAA and PCI compliance with secure transmissions
- ➔ Eliminate fax capacity issues—no more busy signals
- ➔ Turn up service quickly and efficiently
- ➔ Ensure successful completion with our reliable network
- ➔ Reduce equipment maintenance time and costs
- ➔ Generate fully customizable cover pages on demand

Say hello to hassle-free faxing

After a quick activation process, it's easy to send faxes from any device that supports email: desktop, laptop, phone, or tablet. Faxes are received within seconds as an attachment (TIF, PDF, or XPS).

- ➔ Attach your documents to an email message
- ➔ Send email to *faxnumber@atmospherefax.com*
- ➔ Get instant status alerts to confirm delivery

Painless migration, instant results

Whether you are ready to make the move to cloud faxing or want to hold on to your legacy equipment a little bit longer, we make it easy to enjoy the benefits of cloud-based faxing.

Our team of experts is there every step of the way to get your service activated quickly. You can keep an existing fax number and transfer it to your new Atmosphere® Fax account or order a new dedicated local or toll-free fax number.

Why Atmosphere® Fax?

Deploy Quicker

Our expertise makes the transition to cloud faxing seamless and gets you up and running quickly.

Manage Costs

Built-in savings over legacy fax systems with a predictable monthly spend and no equipment maintenance.

Improve Uptime

High service availability guarantees successful completion rates while our redundant network provides peace of mind in the event of an outage.
